EMPLOYMENT

Web Developer — Various Locations (Chicago, Mexico City)
FREELANCE — Nov 2015 to Current
- Develop websites and applications using HTML5/CSS, Ruby, JavaScript, AngularJS, BootStrap, APIs, Object Oriented Programming, and Rails.
- Collaborate with clients to ensure a clear, complete product is created from the initial vision to the final implementation.

Implementation Services — Madison, WI
EPIC — Jun 2011 to Jan 2015
- Assisted 6 health systems in implementing project plans, managing functionality, and employing workflows.
- Served as first-line technical response for project teams of up to 20 at customer sites.
- Managed and mentored new employees to promote company culture and grow their skills.
- Taught classes to providers for 12 customers to enhance their skills/efficiency using the electronic medical record.

Alternative Spring Breaks Program Manager — Boston, MA
BOSTON UNIVERSITY COMMUNITY SERVICE CENTER — Apr 2010 to Jun 2011
- Supervised and managed a budget of $150,000.
- Developed fundraising strategies including grant writing and fundraising events to raise over $5,000 dollars to increase scholarship funds.
- Facilitated the coordination and execution of 36 service trips across the U.S. and Puerto Rico for 400+ student volunteers.
- Recruited, hired, and supervised 5 committee chairs, 72 coordinators, and 36 staff chaperones.

Activities Consultant Manager — Boston, MA
BOSTON UNIVERSITY STUDENT ACTIVITIES OFFICE — Sep 2007 to Dec 2010
- Created and implemented several campus-wide events each semester.
- Assisted student groups in creating events by facilitating resources, including dining services, facilities management, and technical services.
- Managed office of 25 student employees to maintain productivity and change policies when necessary.

Homelessness Team Intern — Auckland, NZ
AUCKLAND CITY MISSION — Jan 2010 to Jun 2010
- Advised clients in applying and receiving government subsidized housing and welfare benefits.
- Facilitated meetings with rough sleeper board to ensure the mission was benefiting clients.
- Created street paper written and edited by rough sleepers.

PROJECTS

BESTOWD
Bestowd wants to take the stress out of gift giving. Keep better lists and let your loved ones help you make the final decision. Rails-based app with a chrome extension component to allow seamless gift list additions.

JERSEYTALK
JerseyTalk allows college athletes to rate and review various aspects of their programs, and for potential recruits to use this data to make an informed decision.

EDUCATION

Boston University
BS Health Science & Management 2011

Dev Bootcamp
Web Development 2016
